

East Surrey Walkers, R. A.		
October to December 2026		
Long Distance linear footpath Walks		
These walks are in easy stages, normally on the first and third Wednesday of each month. Unless otherwise indicated lunch is at a pub where food is available near the middle of the walk. Walks nearly always involve use of public transport. Details of meeting places and times are released by the weekend prior to the walk, and booking is essential for pub reservations.		
In this quarter we revisit a walk we last did in 2013/14, following the Green London Way from Woolwich to Kew Bridge this quarter, and possibly following on to complete the northern part of the circular route next year.
